

INTERAC Report Manager provides each user with their own custom menu of reports from the INTERAC reports library, allowing them to execute reports on demand. In addition to running as a stand-alone application, Report Manager also integrates with the other manager applications to provide easy access to selected reports right from the manager control screen. It is a great way to provide reporting access to non-accounting staff, eliminating interruptions in the accounting department to generate updated reports.

Easy Access to INTERAC Reports

- Each user gets a customized menu of reports
- Does not require licenses for, or access to the core accounting applications.
- Generate reports anytime, right from the Report Manager screen.
- Preview on screen, send to a printer, or save to the Document Management System
- Easily set limited ranges or special conditions to customize reports at run time.
- Export the report data to a spreadsheet with a simple check box option.

Simple & Secure Setup

- INTERAC Security controls access:
 - By company – Only allow reports for selected companies / clients.
 - By application – Select only the appropriate applications for each user.
 - By report title – Select only the appropriate reports from the selected companies and applications.
- Reports menu setup is done with an easy to use point and click selector.
- Easily add or modify user profiles as needed.

Report Manager

Integration with HR Manager, Inventory Manager, Job Manager, Equipment Manager

Report Manager integrates with the other manager applications to provide instant access to the appropriate reports right from the main manager control screens. The Reports button goes directly to the user's reports list.

- HR Manager provides access to the selected Payroll reports
- Inventory Manager provides access to the selected Inventory, Purchase Order, and Order Processing reports.
- Job Manager provides access to the selected Job Cost reports
- Equipment Manager provides access to the selected Equipment Cost reports.

The screenshot displays the INTERAC HR Manager interface. The main window shows the 'Report Manager' dialog box, which is open to the 'Payroll Reports' section. The 'Payroll Reports' list includes the following items:

Report	Title
PER	EARNINGS REGISTER
PCR	EEO UTILIZATION PERCENTAGES
PCR	EEO UTILIZATION-MTD
EER	Employee Earnings Report
PCR	EMPLOYEE LISTING
PCR	EMPLOYEE STATUS REPORT
PCR	EMPLOYEE TIME SHEET
PCR	GROUP INSURANCE INFORMATION
PCR	HOURS & PAY BY JOB AND CLASS

The 'Alpha Report Date' field is empty, and the 'Print Preview' checkbox is checked. The 'Print Report' button is visible at the bottom right of the dialog box.

The 'Show Print File' window is also open, displaying the printed report. The report title is 'INTERSOFT, INC. EMPLOYEE STATUS REPORT'. The report content is as follows:

EMPL NUMBER	EMPLOYEE NAME	SOC SEC NUMBER	HOURLY RATE	UNION CODE	CLASS CODE	DEPT CODE	MARITAL STATUS	# OF EXMPT	HOME STATE	ACTIVE STATE
